

ISOACOUSTICS

Sound quality by design 

Iso Acoustics Products Are Designed & Tested To Provide A High Degree Of Component & Speaker Isolation To Greatly Reduce The Symptoms Associated With The Transfer Of Resonant Energy From The Component Or Speaker To The Supporting Surfaces

Unique Design Provides A High Degree Of Isolation While Resisting Lateral Movement And Oscillations, Which Results In Greater Sound Clarity And Focus

The Internal Reflections Coming Back Up From The Supporting Surface Are Attenuated To Eliminate The Smear And Provide Greater Sound Clarity And Open Up The Stereo Image

Enhances The Sound Quality Of Any Speaker Or Component

PLACEMENT

Reduces Reflections Of Nearby Surfaces

ISOLATION

Decouples The Component Or Speaker, Allowing It To Float Independently

NOTABLE IMPROVEMENTS

Component/Speaker Performs In Free Space

Greater Clarity

Tighter Focus

Reduced Noise Floor

Improved 3-Dimensional Soundstaging

Reduced Bass Smear

Tighter Bass

More Revealing Details

Increased Depth Perspective

Deeper Black Level

More Dynamic Colors

ADVANTAGES & BENEFITS

Inexpensive Compared To The Competition

Proven & Measurable Improvements In Sound Quality

Best Value In Terms Of Sonic Upgrades

High Customer Satisfaction Quotient

Adapts To Any Component Or Speaker

Easily To Install & Remove

Multiple Models For All Applications & Weights

System Will Recommend Several Options

GAIA SERIES

- High Quality Stainless Steel Construction
- Threaded Studs (Top)
 - Screw Into Existing Screw Taps
 - Speakers / Electronics
 - Stud Packs To Match Speakers Available At No Charge
- Rubber Suction Cup (Bottom)
- Solid Connection To Flat Surface
- Dual Locking Rings
- Optional Carpet Spikes
- Available in Pack Of 4 Or Single

CARPET SPIKES
(optional)

STUD PACKS
(by request)

GAIA TITAN SERIES

GAIA SERIES

GAIA-III
70 lbs / Pack
(Pack of 4)

GAIA-II
120 lbs / Pack
(Pack of 4)

GAIA-I
220 lbs / Pack
(Pack of 4)

THEIS
320 lbs / Pack
(Pack of 4)

RHEA
420 lbs / Pack
(Pack of 4)

CHRONOS
620 lbs / Pack
(Pack of 4)

PUCK SERIES

- Steel Construction
- Suction Cup Coupling
 - Top & Bottom
- Black Powder Coat Finish

ISO-PUCK MINI
6 lbs each
(Pack of 8)

ISO-PUCK
20 lbs each
(Pack of 2)

ISO-PUCK 76
40 lbs each
(Pack of 2)

OREA SERIES

- Stainless Steel Construction
- Suction Cup Coupling
 - Top & Bottom
- Chromed Finish

GRAPHITE
4 lbs each
(Single)

BRONZE
8 lbs each
(Single)

INDIGO
16 lbs each
(Single)

BORDEAUX
32 lbs each
(Single)

ZAZEN SERIES

- MDF Platform With Integrated Isolators (4)
- Suction Cup Coupling (Bottom)
- Black Finish

ZAZEN I
25 lbs

ZAZEN II
40 lbs

DELOS SERIES

- Solid Wood Platform
- Integrated Isolators
- 18" Wide / 15" Deep
 - 1 3/4" Or 3" Thickness
 - 4 Isolators
- 22" Wide / 16" Deep
 - 1 3/4" Or 3" Thickness
 - 6 Isolators
- Designed For Turntables Or Any Heavier Component
- Choice Of Maple Or Walnut

DELOS 1815M1

Width	Depth	Thickness	Wood Type	No. of Isolators	Weight Capacity
18" (455mm)	15" (380mm)	1 3/4" (45mm)	Maple	4	65 lbs (29.5 kg)

DELOS 1815M2

Width	Depth	Thickness	Wood Type	No. of Isolators	Weight Capacity
18" (455mm)	15" (380mm)	3" (76mm)	Maple	4	55 lbs (24.9 kg)

DELOS 1815W1

Width	Depth	Thickness	Wood Type	No. of Isolators	Weight Capacity
18" (455mm)	15" (380mm)	1 3/4" (45mm)	Walnut	4	65 lbs (29.5 kg)

DELOS 1815W2

Width	Depth	Thickness	Wood Type	No. of Isolators	Weight Capacity
18" (455mm)	15" (380mm)	3" (76mm)	Walnut	4	55 lbs (24.9 kg)

DELOS 2216M1

Width	Depth	Thickness	Wood Type	No. of Isolators	Weight Capacity
22" (560mm)	16" (405mm)	1 3/4" (45mm)	Maple	6	100 lbs (45.4 kg)

DELOS 2216M2

Width	Depth	Thickness	Wood Type	No. of Isolators	Weight Capacity
22" (560mm)	16" (405mm)	3" (76mm)	Maple	6	90 lbs (40.8 kg)

DELOS 2216W1

Width	Depth	Thickness	Wood Type	No. of Isolators	Weight Capacity
22" (560mm)	16" (405mm)	1 3/4" (45mm)	Walnut	6	100 lbs (45.4 kg)

Best of 2019
WINNER

"Pound for pound, ORCA is among the best value for money upgrades that can be made to any full system"
Richard Barciay
The Ear

HARMONY CENTRAL
make better music

"The ISO-PUCK minis do what IsoAcoustics claim they do – they provide effective decoupling, and when used with suitably sized studio monitors, they can make a significant and easily audible improvement in overall sound quality."

EDITOR'S CHOICE
AWARD

"I caught myself wide-eyed with joy on more than a few occasions as I heard nuances in tracks I've listened to for years but never noticed before."
Richard Barciay
The Ear

Hifi Pig
Magazine

"They offer fantastic isolation support and vibration control to a huge amount of equipment and applications at a price that is simply unheard of in this somewhat overpriced industry"

Dan Worth
HiFi Pig

MusicTech Gear of the Year 2018 Winner:
Best Accessory

"Over the past 12 months, we've reviewed plenty of audio accessories, from portable speakers to microphones. But only one has come out on top..."

"...the addition of the ISO-Pucks improves focus and intelligibility...it's a night and day experience. Back comes bass control, precise stereo imaging, detail and coherence. The ISO-PUCK Mini is highly recommended to reveal your monitors' ultimate performance."

"...the IsoAcoustics Iso-Pucks, both standard and Mini, are extremely elegant both in terms of their styling and engineering, and they are genuinely, impressively effective. Highly recommended."

OREA Series

2019 Product of the Year WINNER for Best Accessory

"With four Oreas under each Stellar M700, and each amp sitting on its own Poly-crystal stand, the sound acquired another measure of clarity and transparency..."

Robert Deutsch
Stereophile Magazine
February 2018

Outstanding Product Award
"Overall soundstage presence was more accurate, transparent and spatial"

HiFi Choice Recommended

"Music just sounds right with them in place, and the price is right too"

"There is no doubt in our mind that the IsoAcoustics OREA Bronze do what they promise."
Jay Garrett
StereoNET
September 2019

"Highly recommended"
"the improvements in focus, detail, transparency, and bass solidity were evident across the board."

IsoAcoustics GAIA Review, AV Nirvana, March 2018 "...introducing noteworthy focus and forcing an uptick in soundstage clarity. Simply Superb!"
